U.S. Military 'Deeply Disturbed'

South Viet Nam Junta Ousted In Bloodless Coup

SAIGON, South Viet Nam (AP) — Nguyen Khanh, commander of the South Vietnamese army's 1st Corps, seized control of South Viet Nam's government today in a swift, bloodless coup.

Khanh, 37, abolished the military junta that had ruled since last Nov. 1 and a Saigon radio broadcast indicated he was forming a new council of generals to assist him.

U.S. military sources said Maj. Gen. Duong Van Minh, provisional chief of state and chairman of the junta which overthrew President Ngo Dinh Diem, had been arrested. Tanks had ringed his residence before dawn at the start of the coup.

Saigon radio said the coup was staged to wipe out "certain elements who support the colonialist and Communist policy to neutralize South Viet Nam," a policy advocated last fall by President Charles de Gaulle of France.

"The new revolutionary government," said the broadcast, "will work to reform the country, wipe out conspirators and establish the nation on a basis of democracy."

Saigon radio announced: "The standing committee of the revolutionary military committee formed on Nov. 1 last year lacked the ability to deal with the nation's internal and external problems and therefore has been dissolved. The new chairman of the standing committee is Lt. Gen. Nguyen Khanh, commander of the 1st Corps. This decision is effective today, Jan. 30."

Khanh also apparently promoted himself so he would outrank the other generals in the army. He and the rest had been major generals.

Among those reported driven from power with Minh were the junta's No. 2 man and defense minister, Maj. Gen. Tran Van Don, and the No. 3 man and armed forces chief of staff, Maj. Gen. Le Van Kim.

Although rumors and conflicting reports kept the situation in confusion, they apparently were shunted aside because they were considered proponents of

Dems Chairmen Prefer Glenn, Survey Shows

Astronaut Has Best Chance of Winning, Majority Believes

COLUMBUS, Ohio (AP) — A national hero, Lt. Col. John H. Glenn Jr., was running ahead today in a preference poll of Ohio Democratic county chairmen conducted by The Associated Press.

Those who replied to the poll showed a strong sentimental attachment to Sen. Stephen M. Young, but also indicated a preference for Glenn from the standpoint of practical politics.

Polled All 88 Counties

The Associated Press polled all 88 Ohio counties and got 44 replies. Given their choice, many chairmen asked not to be identified in a tense political situation.

Young is pitting a half century of experience in politics against the popularity of Glenn, Marine Corps hero and astronaut.

Two principal questions were asked of all county chairmen:

1. At this time, whom do you favor for the Democratic nomination for U. S. senator, Stephen Young or John Glenn?

The replies:
Glenn 27
Young 16
Undecided 1

2. Assuming Robert Taft Jr. is the Republican nominee, would make the better race against him?

The replies:
Glenn 31
Young 4
Undecided 9

The outspoken Young obviously got a fairly competitive vote in the personal preference end of the poll. But on the question of whether he or Glenn would run a better race in November, Young's support slipped away like quicksilver.

"Whom do I favor? Young for devotion. Glenn for a winner."

Summed Up Views

That comment from an influential county chairman seemed to sum up the privately expressed views of those chairmen who welcomed the entry into politics of the first merican to orbit the earth.

The Associated Press obtained the private views of the county chairmen only 10 days after Glenn entered the race under a firm pledge of secrecy unless an individual chairman was willing to be quoted.

The "pro" politicians' view that Glenn might attract more feminine votes was an oft-mentioned factor. They used the

RANGER REVISITED — For the sixth time the United States is attempting to send a Ranger spacecraft to the moon and relay back pictures of the moon's surface. It is the first Ranger flight since October 1962. View shows the 804-pound vehicle approaching the moon near the end of its 66-hour journey. Numbers refer to: (1) high-gain antenna; (2) solar cell panels; (3) batteries; (4) shroud shielding television system; (5) omni antenna. Ranger A (it will be called Ranger VI if the mission is successful) carries six television cameras that will begin taking pictures 10 minutes before the spacecraft crashes onto the moon at 6,000 miles an hour. They will be the first pictures since the Soviet Lunik III photographed the back of the moon in 1959.

Braun Says U.S. Takes Space Lead

CAPE KENNEDY, Fla. (AP) — Next assignment for the Saturn 1 rocket, newly crowned weight-lifting champion of space, will be to loft into orbit a model of the Apollo man-to-the-moon spacecraft.

The launching, scheduled here in April, will be a step toward the U.S. goal of landing men on the moon in this decade.

Wednesday the Saturn 1 performed flawlessly on its first full-scale test flight, propelling into orbit a 37,700-pound satellite, the world's heaviest. For the first time the rocket generated full first stage thrust of 1.5

Canal Negotiations Collapse

Panama Calls for Hemisphere Parley

WASHINGTON (AP) — Negotiations aimed at a peaceful solution of the U.S.-Panama dispute have collapsed and charging aggression — Panama has called for an emergency meeting of hemisphere foreign ministers.

Miguel Moreno, Panama's

ambassador to the Organization of American States, delivered a note from his government which included the conference request and the renewed charge of aggression to OAS Secretary General Jose A. Mora Wednesday night.

Said Moreno: "We have searched for a dignified solution to the controversy but unfortunately in spite of the good offices of the Inter-American Peace Committee and our willingness we have achieved no success."

The note included one of Jan. 9 by Panama Foreign Minister Galileo Solis in which he said "the Republic of Panama has been the victim of an unprovoked armed attack against its territory and civil population."

Mrs. Jerrie Mock, an active pilot for eight years, says she plans to circle the globe in a single-engine Cessna airplane within the next few weeks.

She plans to fly alone and estimates the trip will take approximately three weeks. "I've had all sorts of offers from other women who want to go with me," she said, "but there just isn't room. I've got so much radio equipment and gasoline aboard, I just couldn't squeeze another person in anywhere, even into the luggage compartment."

It was 27 years ago that Amelia Earhart attempted the trip on what proved to be an ill-fated flight for her and her

Half-Cent Raise In Gas Rates Due

Salem district residents will pay one-half cent a thousand cubic feet more than they are now paying for natural gas starting March 1, it was announced today by Columbia Gas of Ohio, Inc.

The one-half cent per thousand cubic feet increase also will apply to rates in Columbiana, Lisbon, Salineville, Washington, Hanoverton, Leetonia and New Waterford. A two-cent increase will apply in Summitville.

Adjustments will also apply to gas rates in 107 other Ohio communities served by Columbia under provisions of the fuel cost clauses in their contracts.

Craft Expected To Crash Land Early Sunday

Payload's Cameras Designed To Relay 3,000 Pictures

CAPE KENNEDY, Fla. (AP) — The camera-laden Ranger 6 spacecraft was rocketed toward the moon today on a mission to snap and relay to earth more than 3,000 pictures of the lunar surface.

An Atlas-Agena rocket, 102 feet tall and weighing 150 tons, blazed away from Cape Kennedy at 10:49 a.m. EST to start the 804-pound gold-and-silver-plated craft on its lunar journey.

Crash Land Sunday

If all goes well, Ranger 6 will cover 230,187 miles in 66 hours and crash land on the moon early Sunday.

If the payload, which resembles a giant dragonfly, succeeds, it will break a string of 11 straight U.S. moon-launching failures dating to 1958. The flight is the first U.S. lunar attempt since Ranger 5 fizzled in October 1962, prompting a revamping of the program.

The Soviets have announced three moon landings, two of them successful. Lunik 2 crashed onto the moon and Lunik 3 took the first pictures of the moon's hidden side, both in 1959.

In a 10-minute session before Ranger 6 crash-lands on the moon, its six cameras are to snap hundreds of pictures and transmit them to a ground station at Goldstone, Calif. The cameras are to start shooting 900 miles from the moon and continue until an instant before impact.

Project officials said the pictures might enable analysts to distinguish objects on the moon the size of an automobile.

H. M. Schurmeier, Ranger project manager for the space agency's jet propulsion laboratory, said the major goal is to obtain photos of dark areas that from the earth appear to be relatively flat and therefore possible landing spots for astronauts.

More than 40 observatories around the world planned to direct telescopes at the moon in an effort to spot the Ranger 6 impact. When Russia's Lunik 2 hit, a Hungarian observatory reported sighting a dark cloud — perhaps of dust — in the vicinity of the landing area.

Trumbull County Jail Padlocked

WARREN, Ohio (AP) — The 91-year-old Trumbull County jail, object of such remarks as "unfit for human habitation," has had it.

The county commissioners Wednesday ordered Sheriff Robert Barnett to padlock the jail section and not to house any more prisoners there.

There are 24 prisoners in the jail. The Mahoning County jail at Youngstown and the Ashtabula County jail at Jefferson are now being used to house 20 Trumbull County prisoners at \$2.75 a day.

The "unfit for human habitation" tag assigned to the jail has come from numerous grand juries over the years.

Johnson Flayed At GOP Rallies

'Go-to-People' Plan Outlined by Ike

WASHINGTON (AP) — In rallies across the land, Republicans rolled out their biggest guns, stocked their war chest and thundered the theme of their campaign attack on President Johnson.

They also heard a go-to-the-people strategy outlined by former President Dwight D. Eisenhower.

The GOP leaders pictured Johnson as master of a political shell game, as hoodwinking the public and as a stunt man "riding two horses going in the opposite directions."

All the names were at one or another of the 21 rallies — candidates, possible candidates and former candidates.

But the star attraction Wednesday night was Eisenhower, the only Republican to gain the White House since 1933.

He told the party, via closed-circuit television hookup from Detroit, that the GOP should do something to improve "the acceptability of our party to the public."

He urged a party-to-people system of roundtables and forums to help produce a "Republican people's platform" for the convention in August.

These panels, he said, would teach, as well as learn, and build an avenue of political understanding and cooperation.

The dinners were heralded as "go-day rallies."

Speaking in Cleveland, GOP National Chairman William E. Miller explained it this way: "This is the starting line from which we will race down the length of the track, to cross the finish line in victory in November."

"It may be a photo finish. I'm not going to stand here and tell

Next Move Up To Moscow

U.S., Russia Trade Protests on Plane

WASHINGTON (AP) — State Department authorities said today it is up to Moscow to make the next move in the U.S.-Soviet dispute over an American training plane downed by the Soviets in East Germany.

Without some Soviet help the U.S. government may never know precise details about the incident Tuesday that cost the lives of three U.S. Air Force officers, they said.

Washington and Moscow traded protests Wednesday. The Kremlin sent a note saying a Soviet fighter downed the T-39 jet trainer about 60 miles inside Communist East Germany after the plane failed to heed warning signals. The note accused the U.S. military of "gross provocation" by intruding into Communist air space.

The State Department charged

the Soviets with "a callous and inexcusably brutal act of violence against an unarmed aircraft that accidentally strayed over the demarcation line between West and East Germany."

2 More Bodies Found, Vicious Killer Hunted

CLEVELAND (AP) — Homicide detectives investigating the mutilation of two women have warned that "a vicious, sadistic man is roaming the East Side."

That makes three mutilated bodies that have been found this month.

The killer's victims "apparently are women frequenting taverns late at night," said Lt. Carl Delau, Homicide Bureau chief.

The latest slayings were uncovered Wednesday after a wrecking crane lifted a home from its foundation at 2562 E. 75th St. Workmen peering into the debris in the basement of the abandoned home saw two bodies.

One was that of Mrs. Annie Fay Chandler, 35, who had been supporting two teen-age children under the Aid-to-Dependent children program. Her throat had been cut, and she had been dead

Heart Attack Presumed Cause

Screen Star Alan Ladd Found Dead at Home

PALM SPRINGS, Calif. (AP) — Alan Ladd, who realized a dream of driving a limousine through the same studio gate where once he had to punch a time clock, is dead at 50.

The 5-foot-6 star, who walked tall as a movie hero for 23 years, was found dead in the master bedroom of his home Wednesday. A servant who had become alarmed when the actor failed to wake up from a nap found the body.

A doctor and Police Chief Gus Kettmann said that Ladd died of natural causes, presumably a heart attack. An autopsy has been ordered.

Ladd, except for a butler, had been alone in his desert home for the last 10 days, is wife, the former actress Sue Carol,

75 Attend Columbiana GOP Anniversary

COLUMBIANA — Mrs. David Dennison, state representative of Trumbull County, spoke to an audience of 75 members and guests at the 25th anniversary meeting of the Columbiana Republican Club Tuesday in the high school cafeteria.

She discussed the aims and purposes of the club, duties and privileges of the members and individual responsibility at the precinct level.

During the meeting which followed, election of officers was held with Mrs. Hugh Kendall elected president. Other officers are: Mrs. Alton Fouts, first vice president; Mrs. George Snoke, second vice president; Miss Mary Lou Collier, secretary; and Mrs. Boyd Cunningham, treasurer.

New officers will be installed at 8 p.m. Feb. 13, at Joshua Dixon School. It was decided that the meeting date would be changed from the last Tuesday of the month to the second Thursday, and that the meeting place would be moved to Joshua Dixon School.

GUESTS PRESENT included four charter members, Mrs. Cora Detwiler, Mrs. Walter Miller, Mrs. Harold Nelson and Mrs. Louise Gormley. The 4 remaining charter members who could not be present were Mrs. Esther Mullen, Mrs. Paul Cline, Mrs. Arthur Myers and Mrs. Lois Peterson. Milk glass planters were presented to the charter members.

Mrs. Harold Nelson gave a history of the club, dating to its founding in November, 1939. Other guests included Rep. Clarence Wetzel, Mrs. Letha Astory of Salem, 18th district constituent; Robert Bell of Steubenville, 18th district committee member; and other candidates and officials from East Palestine, New Waterford, Lisbon and Salem.

Silver tea and coffee services were at each end of the table which was centered by a cake in the form of a book, with both the state and national flags at either side. Mementos from the 25th anniversary meeting of the Ohio Federation of Republican Clubs in Chicago, which was attended by Mrs. J. H. Hunt, secretary of the Ohio Federation, were also displayed. Mrs. Roy Guy presented the club with a ceramic elephant which she had made and designed.

Hostesses for the event were Miss Mary Lou Collier and Mrs. Alton Fouts.

KINDERGARTEN MOTHERS Club will meet at 8 p.m. Tuesday at Joshua Dixon School, with Walter Messersmith showing pictures of kindergarten students taken recently during class sessions. Hostesses include Mrs. Don Morrison, Mrs. Donald Kacenski, Mrs. Harry Kacenski and Mrs. Earl Kyser.

MRS. DON GOSNEY presided at the Democratic Women's Club meeting held at her home on N. Vine St. Monday. Members voted to contribute to the March of Dimes and to furnish supplies for the Retarded Children's School at Elkhart.

Games were in charge of Mrs.

Lee Coppock and Mrs. Gosney. Hostesses were Mrs. Ernest Gustafson, chairman, Mrs. Matthew Powers Sr., Mrs. Grant Bevington and Mrs. Paul Biery. Next meeting will be at 8 p.m. Feb. 24 in the home economics room at the high school.

RUTH CIRCLE of the Presbyterian Church will hold its monthly meeting at 8 p.m. Monday at the church house. Program topic for the evening is "Decay and Renewal of the Urban Church." Co-hostesses are Mrs. Don Evans and Mrs. William Eversole.

PRELIMINARY SPELL down for the annual spelling contest has been set for 1 p.m. Feb. 28 at South Side School. Sixty contestants from the fifth, sixth, seventh and eighth grades will be narrowed to 10 who will compete in a final spell-down March 11 in conjunction with "open house" and the regular PTO meeting at Joshua Dixon School. Mrs. Thomas E. Rehl will pronounce the words.

MR. AND MRS. WAYNE Hoover of Firestone Ave. announce the engagement of their daughter, Autumn, to Thomas H. Burdette, son of Mr. and Mrs. Russell E. Burdette of Hartford. A summer wedding is planned.

A houseguest in the home of Mr. and Mrs. Charles Rohrer is Joyce Neuman of Lewisburg, Pa. Joyce and Barbara Rohrer are both students at York Junior College in York, Pa., and are home for the semester vacation.

MRS. PEARL KABLER has returned home after spending seven weeks with her daughter, Mrs. James Thomas in Houston, Tex. Thomas has been transferred to the Youngstown Office of the Automatic Sprinkler Co. and will live with his family in this area.

Mrs. Anna Walker is visiting with her daughter, Mrs. Gerald Dearth in Poland.

Mrs. Clara Flohr accompanied her sister, Freda of Youngstown, to Florida where they will spend a month.

Mr. and Mrs. Gary Wilms are the parents of a daughter, Lee Ann, born Tuesday.

THE FOLLOWING officers will serve during 1964 at the Historical Society meetings: President, Mrs. Harry Frankfort; vice president, Leo Holloway; secretary, Miss Mae Frye; treasurer, Willard Ferrall; and Miss Leila Beard, president emerita.

Sixty persons attended the drop-in meeting Tuesday of the Senior Citizens in Firestone Park. Cards, sewing and knitting lessons were the day's diversions with a poke lunch served.

Next meeting will be Feb. 11 with business conducted by Mrs. Minnie Esenwein, followed by a short program.

Cleveland School Crisis Heightens, More Conflict Due

CLEVELAND (AP) — The spotlight in Cleveland's worsening school integration troubles moved today to Murray Hill School in the "Little Italy" district today where more picketing was planned by civil rights groups who clashed with whites at two other East Side schools.

Meanwhile, the School Board, which met Wednesday at the scene of picketing at Memorial School, said there would be no change in its position "pending the study now being conducted by the Citizens Council on Human Relations appointed by the board."

The United Freedom Movement, a civil rights group, interpreted the statement as closing the door on negotiations in the dispute over integration of Negro pupils transported by bus to the three predominately white schools.

Some 800 pupils are transported daily from heavily overcrowded Hazeldehl School, located in a predominantly Negro neighborhood. Until the present semester these pupils were kept together in classrooms at Murray Hill, Memorial and William E. Brett Elementary School.

A board plan for limited "diffusion" of the Negro pupils in the white schools has drawn the fire of the UFM and the Hazeldehl Parents Association and also has been attacked by parents of white children in the receiving schools. The civil rights groups want full integration, and whites Wednesday.

DOWN on the FARM

10 New Certified Crops

Ten new Certified crop varieties, released and recommended by the Ohio Agricultural Experiment Stations, will be available to farmers for the first time this year.

Included are seven new corn hybrids and three new soybean varieties.

Dr. E. J. Dollinger of Wooster, the state's corn plant breeder, said the seven new hybrids received extensive testing at each of the state's six experiment stations before being recommended for production this year.

Results of the tests, according to Dollinger, indicate that the new hybrids will surpass older certified hybrids in every major factor of corn production. The new hybrids, numbered in accordance with a new system adopted by Ohio, are: Ohio 401, Ohio 524, Pa 555, Ohio 708, Ohio 710, Ohio 760 and Ohio 823.

Certification of these varieties is made by the Ohio Seed Improvement Association, Columbus, the state's certifying agency.

Harosoy 63, Lindarin 63 and Clark 63, the new soybean varieties, are actually improvements of the older varieties Harosoy, Lindarin and Clark, according to Dr. Paul Smith, Columbus, the soybean breeder for Ohio.

Resistance to Phytophthora Root Rot, a widespread soybean disease, is bred into each of the new varieties, Dr. Smith said. In all other ways, they are identical to the old variety.

Dairymen To Meet

The annual institute of Columbiana and Mahoning county dairy producers will be held Feb. 5 at 10 a.m. at the Salem Christian Church, according to Don Myers, county extension agent in agriculture.

Specialists from Ohio State University will discuss topics of importance to area dairymen. The program follows:

10 a.m. — film "Modern Bulk Milk Handling."
10:30 a.m. — Marshall Whisler, area farm management agent, will talk on dairy management practices.

11:15 a.m. — Harry Barr, dairy specialist at Ohio State University, will speak on factors and effects of reproduction in dairy cattle.

Noon — lunch.

1:15 p.m. — Walter Harter, farm management specialist at Ohio State University, will speak on linear programming and what it means to dairymen.

2 p.m. — Barr will speak on breeding dairy heifers at an early age.

Potato Institute Set

The annual institute for potato producers of Columbiana and Mahoning counties and surrounding areas will be held Feb. 12 at Heck's Restaurant in Columbiana.

R. S. Claycomb, consulting engineer of Grand Forks, N.D., will discuss storage principles and construction. Other university specialists also will appear on the program.

Join Dairymen's Group

Lowell E. Hoffmaster, Harry Neuschwander Sr. and Maynard Falb, all of Salem, have recently been admitted to the Holstein-Friesian Association of America, a dairymen's association.

NEW CAREER REAPS FORTUNE — Harland Sanders, who at 65 took on a new career nine years ago because he feared a new highway would ruin his restaurant and motel business, will sell his Kentucky Fried Chickens, Inc., Feb. 14, for \$2 million. He said the business earned him \$2,000 per day last year. Sanders will also receive \$40,000 per year for publicity work. With him is his wife and dog.

Ohio State University, spent the weekend with his parents, Mr. and Mrs. Harold Dixon.

Mrs. Norman Crawford visited with her father, John Foy and her brother, George, in Austintown.

Sgt. and Mrs. Lester French announce the birth of a daughter, Terry Lynn, recently. Sgt. and Mrs. French are stationed with the army at Baumholder, Germany. They have two other children. Mr. French is the son of Mr. and Mrs. George French of Elkton.

Several members of the MYF and Mrs. George French of Elkton Mothers Club met at

the school Thursday for a desert luncheon. Mrs. William Spooner was in charge of the business meeting. A profit of \$43 on the supper the club served to the Columbiana County Teachers' Credit Association Jan. 15 was reported.

Mrs. Ralph Apple, Mrs. Myron McCamon and Mrs. Paul Milhoan were appointed for the lunch committee for the next meeting. Mrs. Leo Jenkins of Rogers will show films on heart ailments Feb. 20.

Students from The Columbiana County Retarded School, Mr. and Mrs. Ralph Apple accompanied by their teacher, entertained Fellowship Class at Mrs. Harold Martsoff, provided their home. Fifteen members of the program. Eleven mothers were present.

No More Pacts Needed

Premier Khrushchev is a little late in renouncing war as an instrument of national policy.

The rest of us would be more than a little foolish if we took seriously his proposal to build a new peace pact.

The United Nations Charter embodies everything in the premier's proposal. The United Nations promises everything that would be contained in a new peace pact.

The Soviet Union could gain no security in a new pact it does not have in the United Nations. A new international peace organization could do neither more nor less than is being done by the United Nations.

The U.N. Charter pledges all signatories security and to outlaw war as an instrument of national policy.

It declares that armed force shall be used only in the common interest and that mankind shall use henceforth 'international machinery' for the promotion of the economic and social advancement of all peoples everywhere on earth.

Nothing that could come to the mind of any peace-loving human being has been omitted in the U.N. Charter. It is comprehensive. It is complete. One of its founders is the Soviet Union.

Why, then, should the Soviet Union be proposing a new world pact on territorial disputes when the United Nations already has authority to cope with such disputes and the International Court of Justice has authority to adjudicate them? What is Premier Khrushchev fishing for that he does not already have in his catch?

The answer is not a hand. Like the explanation for Soviet proposals in general, it is not easy to decide what goal is in the official mind — perhaps some special problem concerning China, perhaps some test of international stresses and strains, perhaps a test of intent in some other nation.

...BUT CERTAINLY the purpose cannot be to propose that the United Nations be duplicated by some other international organization pledged to do the same thing.

There is room for only one organization of this kind, as even the Kremlin would have to admit.

As for renouncing war as an instrument of national policy, that has been going on since the Kellogg-Briand Pact in 1925. The League of Nations renounced war as an instrument of national policy, and when the League was destroyed by bad faith the United Nations filled the vacuum.

There has been no lack of pacts, only a lack of good faith. The world needs no more pacts.

Most of the time when a television station gets a break for a commercial the viewer doesn't.

It would be much better if drivers would run out of gas rather than common sense.

A Lisbon Chamber

Lisbon's current drive to organize a Chamber of Commerce needs the encouragement of all groups in the county seat, as well as the memberships that are necessary.

Lisbon hasn't had a chamber in 25 years and business leaders there feel, and their Salem counterparts will agree, that a vibrant Chamber of Commerce can be a motivating force in any community. Salem's growth and advancement in recent years has been the result of cooperative endeavors channeled through a C. of C. dedicated to the common goal of making our city a better place in which to live. Lisbon can do the same.

City's Fire Loss

Not many cities the size of Salem can point with pride to a comparatively low fire loss year after year, but in 1963 the \$50,595 over-all damage was more than double the figure for the year before.

Fires will occur, most of them the result of carelessness, but this is where fire prevention plays an important role in Salem. Our fire department is ever vigilant, to spot and eradicate potential hazards because this is where the battle is won. Fire prevention, however, is not solely the responsibility of the firemen. It's up to each citizen to be ever alert and take remedial steps whenever necessary.

Hollow Tail

We Americans spent \$550 million for dog and cat food last year. Sylvia Porter announced the other day in a tone of what sounded to me like horror. It was more than we spent for baby food, she pointed out.

Now, Miss Porter, be fair. Admit the \$550 million is for total dogs and cats, not baby dogs and cats. Then admit that consumption of food by babies cannot be measured by what is spent for stuff in cans and bottles, because babies aren't restricted to commercially processed nourishment.

Neither are dogs, which brings up a mystery that has arisen at the Twillery. How can a dog with no tail eat as much as a dog with a tail?

The two dogs living the affluent life at our place never have been full. Never have they walked away from a meal because they'd had enough. Not once in their lives have they had to be coaxed to eat.

This is in contrast with their predecessors, who sometimes stepped back, cleaned off their chops and admitted they were stuffed.

THE LADY I buy dog food with has become concerned about this in the case of our younger dog, not yet a year old. She thinks he should be filled up because he is still growing. But this never has been possible with the means at hand. We've always run out of food before he ran out of space.

"It's that ridiculous tail," she concluded. "It's hollow. He is putting it in there,

like a boozier filling a hollow leg at a party."

Her theory makes sense. This ravenous beast can polish off everything in sight, wash it down with a quart of milk and not show a bulge.

If Sylvia Porter could see him and his roommate wolf 25 pounds of dry dog food a week, plus dog biscuits and the table scraps, with rabbits, woodchucks, squirrels and miscellaneous wild game for appetizers, she would know where the money goes.

It's not lap dogs that pile up the totals but German shepherds and Rottweillies. That brings us to the mystery.

THE ROTTWOLLIE has no tail. Due to the fact she is a Rottweillie and not a Rottweiler — she is half collie and half Rottweiler — she is of only modest size. But she and her roommate match each other bite for bite at mealtime and she doesn't bulge either. Yet she has no tail to take care of her excess intake—no tail at all.

Where does she put it?

Where do they put it?

Either one, from puppyhood to the present day, could consume as much as half a hundred babies eating continuously 24 hours a day. Whatever the explanation is, it's catching. A dog noted for his finicky appetite visited the Twillery last Christmas. Beginning with the first meal, he ate his weight every day and never looked up from his dish.

But come to think of it, he had a tail, too.

Atomic 'Digging' Protested

By VICTOR RIESEL
LOS ANGELES

There is a chance that a nuclear "bomb" may be exploded in the Bristol Mountains 200 miles east of here. If it blows, it will be the free world's first commercial atomic digging — the kind which could rip a canal through Central America cheaply and in record time.

It's the Santa Fe railroad which wants to blow a hole in a small section of the Bristol Mountains, between Goffs and Ash Hill, which is on the transcontinental rail route. By cutting a two-mile railway and highway pass, the Santa Fe can eliminate 15 miles of track. At least 22 nuclear explosions would be needed to slash through the mountains with an open cut instead of tunneling.

If the railroad engineers tried to tunnel through the mountains, the cost would run to almost \$22 million. The nuclear explosions would save the company some \$8 million.

But would it be safe? Would radiation filter into the air over the big cities?

SCIENTISTS at the Atomic Energy Commission's Lawrence Radiation Laboratory up at Livermore near San Francisco Bay say it's all clean. That's the laboratory which specializes in Operation Plowshare, the overall study of the uses of nuclear energy for peaceful pursuits. The laboratory, under its director, Gerald Johnson, has been looking into the building of a new sea level canal to replace the Panama ditch.

Along with other scientists and engineers, the specialists at Livermore believe the nuclear "bomb" to be so safe they are willing to test its feasibility in the Mojave Desert near Amboy — just 60 miles from the vast concentration of people in and around Los Angeles.

But the fear of radiation is strong among all laymen. When I talked with Panama's President Chiari this summer he warned that he and his people never would tolerate "atomic explosions" for any use. He asserted that no one could convince him that nuclear explosions could be "clean."

THE AEC Project Plowshare ran into the same sentiment among Eskimos up near the Arctic Circle.

That was in Kotzebue, in northeast Alaska. There the AEC studied the possibility of placing nuclear devices underwater to blast out a harbor.

Kotzebue is far from any sizable settlement. The few people who were there could have been moved and then returned to the area.

The AEC scientists believed the operation could be handled safely. But the opposition charged that radiation would settle on the lichen, a moss eaten by deer which provide the basic meat of the local Eskimos. The fear was that the radiated moss would contaminate the deer and then injure the Eskimos.

Despite the certainty that this would not happen, the underwater harbor nuclear project was abandoned—at least for a while.

THERE ALSO is Project Charlot in the Cape Thompson area in northwestern Alaska. There the plan is to use nuclear explosions to dig a ship channel 900 feet wide, 200 feet deep and 2,000 feet long to connect a body of water with the ocean. All this could be accomplished with just a few such explosions.

But this project, too, will have to await the development of an alchemy which turns the people's fears of the unknown into trust of the scientists. If the AEC scientists have a "clean" bomb, it could unleash vast wealth from the earth.

At the Athabaska oil fields in northwest Canada, for example, the petroleum in the icy underground is frozen into a tar-like mass instead of being liquid as it is under the Texas soil.

So at Athabaska, the Shell Oil Co. wanted to explode a nuclear device several hundred feet down. The resultant heat would melt the oil into liquid so it could be pumped out. But this project, too, is in abeyance.

When the scientists' day comes, nuclear digging will be used in the mining of ore by crushing the mineral deposits; in the development of water resources by creating underground reservoirs; in the processing of raw chemicals in the earth; in the production of electric power; in the process of desalting and cleansing ocean and brackish water so it can run pure into ancient deserts across the world and make the dried land of many of our own states bloom.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: The man I was engaged to marry left town suddenly and I was so heartbroken I refused to date for almost two years.

Recently I began to keep company with a man who works with me. He has rekindled my interest in the opposite sex. My father met Kermit for the first time last evening and he pointed out something that made me uncomfortable.

Papa said there must be something wrong with a man who "smells as good as Kermit does and wears nail polish—even if it is colorless."

Frankly, I like the pleasant scent. It's after-shave lotion. I think his fingernails look very nice, too.

Am I wrong? Is there something effeminate or effeminate about a man who has beautifully manicured nails and smells good?—ANOTHER ANN.

Dear Ann: A he-man doesn't need to smell like a stable-hand and have a half acre of soil under his fingernails to prove it. Kermit gets the nod from this Ann, too.

Like 'Unsoldered'

Dear Ann: I'm 16 and ready to make a reservation in "The Old Ladies Home." My life is ruined and I never want to see another boy as long as I live.

I will call the rat Troy because he looks like Troy Donahue. We started to go steady Labor Day weekend. Troy gave me his picture and wrote on it, "Love, forever." We exchanged sweaters, ID bracelets, I put a peroxide streak in his hair, he painted my name on the door of his convertible and we were like soldered.

I should have guessed when he gave me an 87-cent bottle of cologne for Christmas, but the cookie didn't crumble until he told me he had to take a third cousin out New Year's Eve—his mother's orders.

I told him to come get his junk, that we were through. His answer was, "Fine. Going steady is like being in jail. Goodbye, Warden."

What do you think of a skunk who would treat a girl like that after she gave him the best

five months of her life?—RED EYES.

Dear Red: Welcome to the Free World. The advantages of NOT going steady outweigh by far the advantages. What some teens mistake for social security in reality is social paralysis.

Lanny's Life

Dear Ann: My brother Lanny is 38, a college graduate, and successful in business. He always has been my mother's favorite.

Last year Lanny began to see a woman about 10 years older than himself. She is vivacious, attractive and a good person as far as I know. When Mother forbade him to bring this woman to her home he moved into an apartment.

Since that time Mother has phoned every member of the family and asked that they urge Lanny to stop seeing this woman. Mother makes this the central theme of every conversation and we are all sick of it.

This morning my husband told me that the next time my mother starts in on Lanny he is going to tell her off and walk out. I'm distressed over this. Where do my loyalties lie? — LUCINDA.

Dear Lucinda: Has Lanny told your mother how he feels if he hasn't he should — and soon.

If she insists on making this relationship subject A in all her conversations he could then justifiably take that walk. And if you agree that an adult should be allowed to lead his own life, walk with him.

Confidentially

TO DEAD TIRED: Who wouldn't be — carrying yesterday's troubles and adding to them the burdens of today and tomorrow? Close the book on the past and live one day at a time. It's the key to survival.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Moral Setback

By DAVID LAWRENCE

America's position of moral leadership in the world has suffered a severe setback. The idealistic aims for which many millions of Americans risked their lives in two world wars to protect the independence and freedom of the French people have been suddenly brushed aside by President de Gaulle as he takes unto his bosom Red China—a symbol of aggression in the Far East.

The perfunctory protest made by President Johnson and the State Department against France's recognition of Peiping could become a go-ahead signal to many countries which have hitherto hesitated to vote to bring Red China into the United Nations.

The simple act of recognizing another government is, of course—as Mr. Johnson said over the weekend—the prerogative of any government. He did not point out that the French action now marks the first time that any of the Western Allies which participated in the United Nations defense of Korea in 1950 has so honored the Red China government, whose armies launched an aggressive attack on U.S. forces in that year.

If the U.N. ever is to succeed as the champion of moral force, it will not be helped toward that goal by an abandonment of the high principles of the U.N. Charter which explicitly denounce aggression.

Gen. de Gaulle indicates that he is also getting ready to appease the Red Chinese in Southeast Asia. He calls it "neutralization." But history shows that this is but another way to give the Communists the free hand they will unquestionably apply to break down the South Viet Nam government, in defense of whose independence American armed forces have lost many lives in the last two years.

ALREADY the premier of South Viet Nam has declared that French plans to pressure for a negotiated settlement are "sabotaging us, killing us, drowning us in difficulties."

Secretary of Defense Robert McNamara has just reported to Congress that the anti-Communist cause in the South Viet Nam war has been deteriorating and that the Communists have made "considerable progress."

The French action, moreover, gives encouragement to certain governments in Africa which have hitherto hesitated to recognize Red China because of the position of both the United States and France on the subject, but which now may feel free to vote for the admission of the Peiping government to the United Nations.

This eventually could mean throwing out the representatives of Formosa, which is officially designated as the "Republic of China" and holds a permanent

seat on the Security Council.

WHICH EVER WAY Gen. de Gaulle's action is viewed, it's a crushing blow to American foreign policy. On Jan. 27, when public announcement was made that France had actually extended diplomatic recognition to Red China's government, the State Department released the following brief statement:

"The United States regrets France's decision. We repeatedly have expressed to the government of France reasons why we consider that this would be an unfortunate step, particularly at a time when the Chinese Communists are actively promoting aggression and subversion in Southeast Asia and elsewhere.

"The United States will stand firmly by its commitments to the government of the Republic of China (Formosa) and the government of the Republic of Viet Nam as well as all other countries, in our common endeavor to prevent and deter aggression and to promote the interests of peace."

What, in addition, could the United States have done? The President and the secretary of state could have denounced the action in unequivocal terms as a deliberate act of bad faith by the French government, which has all along claimed to be an ally and partner of the United States in the free world.

CONGRESS, TOO, could adopt resolutions expressing its amazement at the French deviation from an alliance which has been supported with American funds running above \$9 billion in the last 15 years and with America lives in defense of France in two world wars.

The United States also could express its doubts whether the North Atlantic Treaty Organization now can be regarded as of continuing value when one of its principal members manifests before the whole world its disagreement with American foreign policy and gives the benefit of its diplomatic prestige to a notorious aggressor government.

Perhaps the most profound effect of the recognition of the Peiping government by France at this time is that it will be interpreted throughout the Communist world as a defeat for the United States, and this impression will be strengthened by the weak response of the American government to the French move.

On top of it all, President de Gaulle has announced plans for two separate tours of Latin America, including visits to Argentina, Brazil, Peru and probably other South American countries. It will be interesting to see how the United States will react to this effort to show that some of the policies of the Washington government in this hemisphere may be superseded by a French policy of its own for Latin America.

Altogether, it is a sad moment in world history, as firmness and resoluteness give way to the pressures of the appeasers in disregard of moral principles in international relations.

Today In History

Today is Thursday, Jan. 30, 1964. There are 336 days left in the year.

Today's highlight in history: On this date in 1799, Congress passed the Logan Act, forbidding a private citizen to undertake diplomatic negotiations without official authorization. The act was named for George Logan, a physician and politician who, at his own expense, had tried to improve relations with France.

On this date:

In 1647, King Charles I of England surrendered to Parliament and was beheaded two years later.

In 1835, the first attempt to assassinate a president of the United States was made against Andrew Jackson as he attended funeral services in Washington for a South Carolina congressman.

In 1882, the 32nd president, Franklin Delano Roosevelt, was born near Hyde Park, N.Y.

In 1948, the spiritual leader of Hindus in India, Mohandas K. Gandhi, was assassinated.

Ten years ago — Premier Fanfani and his Cabinet were ousted after losing a vote of confidence in the Italian Chamber of Deputies.

The Doctor Says

By Dr. WAYNE G. BRANDSTADT

Health Questions And Answers

Q—Do saccharin tablets have any calories? Can they be used in cooking? I am on a reducing diet. Is Sucaryl harmful?

Dr. Brandstadt

A—Such artificial sweeteners as saccharin and calcium or sodium cyclamate (Sucaryl) have no food value. They can be used in cooking. With some persons, saccharin may have a slightly bitter aftertaste. The cyclamates are less apt to cause this, but if used in large amounts they may have a laxative effect. They are otherwise harmless, except that sodium cyclamate should not be used by anyone who is on a low sodium diet.

Q—I had a PBI test which was 9.8. Is this serious?

A—The normal range of the Protein-Bound Iodine in the blood is 4 to 8. An elevation of this level is usually associated

with hyperactivity of the thyroid. Your test shows a slight elevation, but a diagnosis should never be made on the basis of one reading of a single test. If your doctor found other evidences of hyperthyroidism, he has most likely suggested appropriate treatment. If he is in doubt, he might want to observe you further and get more tests.

Q—In 1960 I had myelogram X-rays of my spine. In 1962 when more X-rays were taken, some drops of the opaque oil injected into my spine in 1960 were still present. Could this impair the nerves of my back and legs? How long after injection should the dye be present?

A—This is a case of "what you can't see won't hurt you." The oil will be present for many years, but it will not impair your nerves although it may make you nervous to think about it.

Q—My son has to wear glasses, and because they make raw sores on the sides of his nose where the glasses press, we have to put zinc oxide ointment on his sore places. Could the ointment get into his eyes and injure his sight?

A—Either the frames are improperly fitted or the spectacles are too heavy. New plastic lenses and lightweight frames properly fitted should eliminate the necessity of ointment. Otherwise you might consider having him fitted with contact lenses. Meanwhile, don't worry about the ointment. It is bland and harmless, and it is most unlikely that any of it will get into your son's eyes.

Hints From Heloise

By HELOISE CRUSE

Dear Heloise: Curtains on a budget?

My bedroom has two windows: one on each end of the wall.

I had several old chenille bedspreads with a border design down each side and across the bottom. I made cafe curtains out of them for our bedroom.

They are darling.

I cut the bedspreads straight up the middle and sewed the two ends together thus making darling cafe type curtains with the border covering the wall from window-to-window!

The draperies are about 42 inches long and all I had to

do was purchase a long brass cafe rod and some rings to set it off.

One could either use their spreads as is, or dye it to match their rugs or decor.

YOU DON'T have to hem the bottom of these chenille spreads as it is already finished and therefore, all that is required is to turn the top down (to make a heading) and hem each cut side under one inch. Run the curtain rod through the heading and presto . . . "professionally" made curtains in a jiffy!

The compliments have been enormous and several neighbors have now bought new spreads to make their own curtains.

MRS. G. H.

Never thought of making cafe curtains from spreads by turning them sideways! No washing or ironing either, eh? Thanks.

HELOISE.

DEAR HELOISE: A friend of mine bought some small bowls with the price tabs on the inside of the bowls. . . .

When the tabs were pulled off they left the glue on the bowl. Everything they tried failed to take off the glue stuff.

I suggested taking a small strip of cellophane tape, pressing it firmly on the glue marks, then pulling it off. The glue came off with the tape, leaving the bowl bright and clean. Try it, it works!

MRS. E. P. HENDERSON.
Yes, it does and thank you, Mrs. Henderson.

Passage Expected Next Week

TaxCutBillDebate Started by Senate

WASHINGTON (AP) — The Senate begins debate today on the \$11.6-billion tax cut bill and administration forces are confident it will be passed overwhelmingly, probably late next week.

Several floor fights are in prospect before the final vote, but the major rate cut provisions of the bill are expected to survive.

These provisions will mean substantial savings for practically every individual and corporate income taxpayer in the nation.

President Johnson has put the bill at the top of his legislative

list along with civil rights and has made repeated public and private appeals for early action. The administration claims a tax cut would spur economic growth and cut into unemployment.

The Treasury Wednesday released new tables showing what savings the committee's version would mean for a four-person family which files a return with itemized deductions.

The tax cut would be \$82 for such a family with \$5,000 income, \$159 for one in the \$7,500 bracket, \$287 for one with \$12,500 income, and \$5,542 for a \$100,000 family.

U.S. Tries To Link Hoffa With 'Jury Fix' Phone Calls

CHATTANOOGA, Tenn. (AP) — The government moved its closest today in efforts to link James R. Hoffa with a series of telephone calls it claims were made to try to fix his 1962 conspiracy trial jury.

But the testimony, from a Detroit telephone company official, failed actually to involve the Teamsters Union president in the long-distance calls.

The witness did say all the calls, from pay booths, were made on a credit card issued to the Detroit Teamsters local which Hoffa heads. Those from Detroit, he said, were made from a pay booth near Hoffa's home—at a time when the union leader was on trial in Nashville.

The witness, Arthur H. Schneider, Detroit accounts manager for Michigan Bell Telephone Co., said the calls were made in sequence — Detroit pay booth to Louisville, Ky., pay booth, Detroit pay booth to Hoffa's Nashville hotel, Detroit to Louisville again, and Louisville to Detroit.

Schneider also gave Hoffa's Detroit home telephone number—Vermont 7-1425. It was to this number that J. J. Isaacs, Southern Bell Telephone Co.'s district commercial manager in Louisville, testified Wednesday that two telephone calls were made Oct. 22, 1962. This is the date Hoffa's Nashville trial began.

Government prosecutor James Neal, promising to forge "one big solid chain of evidence," said the government will link Hoffa with five others on trial with him on the jury.

85 Attend Hearing On Highway Change

No objections were heard when the State Highway Department conducted a hearing at the Lisbon village hall this morning on the planned relocation of U.S. Route 30 from Apples Corner to the State Route 170 intersection near Calcutta.

Seven persons spoke favorably for the project which is a realignment of a highway section dealing with the Lake-to-River (Rt. 11) road now under construction.

Eighty-five persons attended the meeting which was in charge of State Highway Division 11 Director Earl W. Nelson of New Philadelphia. The hearing lasted only 42 minutes.

Speaking for the project were Atty. Francis Lang of East Liverpool, representing Ohio River-Lake Erie Association; E. R. Chandler of East Liverpool, chairman of Chamber of Commerce; Harry J. English, assistant manager of Columbiana County Auto Club; Galen Greenisen, Salem RD 2, president of county commissioners; Charles Snyder of Salem, county engineer; Floyd Lower of Lisbon, representing the county Regional Planning Commission, and Rick Mather, chairman of St. Clair Township Development Commission.

Ex-Trumbull Dems Chairman Appeals Bribe Conviction

WASHINGTON (AP) — Frank Cickelli appealed today to the Supreme Court to review and overturn his conviction on the charge of aiding and abetting a Warren, Ohio, councilman in soliciting a bribe.

The charge developed from activities of Cickelli and others in connection with a city sewer improvement project. Cickelli, former Trumbull County Democratic chairman, was sentenced to 2 to 17 years imprisonment.

His appeal said he was required to go on trial on an indictment returned by a grand jury "selected in a manner contrary to mandatory provisions of law," thus raising an issue of deprivation of due process of law guaranteed by the U.S. Constitution.

Cickelli contended he was "convicted and sentenced for aiding and abetting in the solicitation of a bribe and convicted ad sentenced separately for accepting that which he is alleged to have solicited. The statute recites only one crime—to solicit or accept. He has thus been tried and convicted twice for a single offense."

It also was contended Cickelli was denied due process of law because the trial judge, after instructing the jury "upon resuming the next morning, only amended certain instructions given the day before in regard to some of the elements of the crime involved."

The Court of Appeals for the 7th Ohio District affirmed Cickelli's conviction. The Ohio Supreme Court last June refused to hear an appeal.

3 Children Killed In Bergholz Blaze

STUEBENVILLE, Ohio (AP) — Three children were killed early today in a fire that destroyed their home at Bergholz.

The dead are Rickie Ash, 13, and his younger sisters, Debbie and Diane.

Their parents, Mr. and Mrs. Dale Ash, fled to safety with a 5-year-old daughter, Barbara. Ash is a school teacher.

The fire broke out in their two-story frame home about 4:30 a.m.

More property damage is said to have been caused by Hurricane Carol than any other single U.S. storm on record. This 1954 hurricane killed 68 persons, injured 1,000 and caused \$500 million in damage along the eastern seaboard from North Carolina to Maine.

Plane (Continued From Page One)

It demanded U.S. access to the plane wreckage and recovery of the fliers' bodies, and punishment of "those responsible for the shooting down of the aircraft and the killing of these men."

Asst. Secretary of State William Tyler called in the ranking Soviet diplomat available, Georgi M. Kornienko, and gave him the U.S. rejoinder orally.

Kornienko told newsmen afterward, "I did not accept the protest." He termed the U.S. flight deliberate, saying, "We have all grounds to believe that this was not an error or a mistake."

State Department authorities took the line that Kornienko had in fact received the protest because he listened to it, and that it is up to the Soviets to respond whether or not Washington decides to follow through with a written note.

They said representatives from the U.S. military mission at Potsdam, East Germany, had been prevented from going closer than 200 yards to the plane wreckage.

The incident was described by U.S. sources as serious but not as provocative, from the standpoint of East-West relations, as the Soviet shooting of a U.S. RB47 reconnaissance plane over the Barents Sea in 1960.

The United States said that plane was attacked over international waters.

Who ordered the attack on the jet trainer was not known here. There was some speculation that the decision may have been made by a local commander.

Glenn (Continued From Page One)

term "glamor." The relative ages of Glenn and Young appear to figure large in the attitude of the party leaders who could help swing the May 5 party primary either way. Young is 74 and Glenn is 42.

Taft, Ohio's GOP congressman-at-large, is 47. Claims Voter Support Ten days ago, John Fontana, a Young aide, commented on the Glenn candidacy to the effect that the space hero might have a numerical edge in the number of county chairmen supporting him, "but we have the support where the votes are." He referred to the metropolitan areas of Ohio which produce fully two-thirds of the Democratic vote.

The poll results do not exactly bear out Fontana's contention. Four chairmen in Ohio's eight metropolitan areas said they favor Young and four expressed a preference for Glenn.

Most said it is too early to form a solid judgment as to which candidate would fare better against Taft.

Most chairmen across the state said they favor an open primary—and may the better man win.

navigator, Capt. Fred Noonan. Mrs. Mock's proposed route is similar to Miss Earhart's, but with slight variations to accommodate present air regulations over various countries, and to take advantage of newly established electronic navigation facilities.

"The trip should be routine," Mrs. Mock says.

"It's been a quarter of a century since Amelia Earhart tried it. We have had a tremendous improvement in weather forecasting, navigational aids and in equipment reliability. We carefully selected equipment for the particular needs of the flight and anticipate no problems."

The flight not only will be the first world-circling flight by a woman in an airplane but will be sanctioned officially as an attempt on both the men's and women's speed record around the world in the class airplane she will fly.

It also will be an attempt for the women's speed record for the flight in any size airplane.

Boy Finds \$21,259 In Akron Home

AKRON, Ohio (AP)—The day after her 16-year-old son discovered \$21,259 in their rented home, the claim of Mrs. Harriet Morris to the money was disputed.

David Morris found the cash Tuesday night under a loose board in a closet in the Morris' nearby Cuyahoga Falls home. He spied the small metal box containing the money while looking for a ring he dropped.

The owner of the house, Thomas J. LaCascio, who lives next door, said Wednesday night he is claiming the money.

"When I bought the house I figured I bought everything in it and I guess I might as well try to get the money."

He has hired an attorney.

Mrs. Morris, a mother of three who is a key-punch operator in Akron, has been trying to manage on \$270 a month. Her other children are 13 and 8 years old. They have been renting the house since last September.

Mrs. Morris said her total assets when the money was found amounted to \$3.

The discovered money was in old bills, from \$1 to \$20 in denomination. Mrs. Morris turned it over to Cuyahoga Falls policemen, who counted it and returned the money to her.

Her attorney, Orville Hoover, said the money will be kept in a safety deposit box while attempts are made to find its owner.

Viet Nam (Continued From Page One)

De Gaulle's proposal for a unified, neutralized Viet Nam. Khanh in his seizure of power reportedly had the support of the interior minister, Maj. Gen. Ton That Dinh; the information minister, Maj. Gen. Do Mau; and the 3rd Corps commander, Maj. Gen. Le Van Khien.

Eight battalions of marines and paratroopers occupied Saigon before dawn. The approximately 4,500 men were supported by tanks and other armor. But unlike the bloody uprising against Diem three months ago not a shot was fired.

Despite troop concentrations around key government buildings and at many street intersections, traffic moved normally. Many Vietnamese appeared unaware that anything unusual was happening.

U.S. Ambassador Henry Cabot Lodge was advised of the impending coup Wednesday night and sent an urgent message to Gen. Paul D. Harkins, commander of U.S. forces in Viet Nam, asking him to return to the capital from a field trip, informed sources said.

U.S. military authorities appeared deeply disturbed. "This development can only hurt the war effort," said a senior officer. It was the wrong move at the wrong time.

Americans in Saigon forecast another lengthy period of military uncertainty until the government is stabilized.

U.S. sources said the troop movements and power struggle forced the cancellation of a major operation scheduled for dawn against the Communist Viet Cong guerrillas.

Panama (Continued From Page One)

made by the armed forces of the United States of America stationed in the Canal Zone.

President Johnson has met this accusation with a declaration that U.S. troops, faced by sniper fire and mob action, repelled aggression rather than committed it.

Riots in the Canal Zone led to a rupture in U.S.-Panama relations. The Inter-American Peace Committee, an arm of the OAS, has been trying to mediate the dispute. This effort ended in failure Wednesday.

Shortly before the breakdown, President Johnson conferred with Democratic and Republican congressional leaders. Moreno held up on delivering the note while this session was under way.

Panama has remained firm on its demand that the United States pledge it will sign a new treaty to replace the 1903 agreement which gave it rights to the canal in perpetuity.

At first, the United States refused to mention the canal in any agreement to talk. Later it agreed to seek with Panama "concrete solutions of all problems dividing both countries, including those deriving from the existence of the Panama Canal."

Police Probe Traffic Mishaps; Driver Cited

Only minor damage resulted to four cars involved in mishaps today and Wednesday, according to city police. A youth was cited for reckless operation.

Today at 8:22 a.m. autos driven by Dean Caldwell, 47, of 256 E. Chestnut St., Lisbon, and Thomas J. Moyer, 22, of Idaho Ext., Salem, collided in South Alley near the Broomall garage. Moyer pulled from the garage into Caldwell's car, police said.

Terry Lee Yakubek, 16, of 815 Prospect St. was cited for reckless operation after a two-car mishap Wednesday morning about 8 near the intersection of S. Howard and W. Wilson Sts. Police said Yakubek went left of center and struck a car driven by John Harry, 44, of 769 Arch St.

"I talked with Alan three times Tuesday," she said. "He seemed in fine spirits as always. It's a terrible shock."

It was Miss Carol, who later turned agent, who heard Ladd on a 15-minute radio show. She interviewed him, signed him and later married him.

After some bit parts in movies Alan got the role of the hired gunman in "This Gun for Hire."

The picture starred Robert Preston, later to become famous as "The Music Man," but it was Ladd the fans remembered.

At the height of his popularity at Paramount, Ladd received 20,000 fan letters a month. He employed eight secretaries to answer them.

Ohio Parole Board Shake-Up Announced

COLUMBUS, Ohio (AP)—The Governor's Office has announced it will attempt to rid the state's Pardon and Parole offices of "a source of friction" by reassigning and reclassifying two top posts.

John M. McElroy, assistant to Gov. James A. Rhodes, announced the shakeup Wednesday.

He said Roger A. Valentine, executive secretary of the Pardon and Parole Commission, will be reassigned to the Department of Mental Hygiene and Correction Friday.

Also involved is Rowland R. Lutz, supervisor of the Bureau of Pardon and Parole. But his situation is not too clear.

Terming Lutz "a source of friction" in the system, McElroy said he requested a personnel study with a view toward lessening the responsibilities of the supervisor and reducing its classification.

"The job's a 5 (Civil Service classification) and he (Lutz) is a 5. If we change the classification to a 4, well, there are other 4s around," McElroy said.

Asked if this was a move to get somebody else in as supervisor, McElroy said, "It's a move to get Lutz out."

Lutz has been in corrections work for 14 years and became head of the bureau in 1957.

McElroy indicated that Lutz and other persons in corrections work, including Corrections Chief Maury Koblenz, have been at odds.

FIRST TIME WE'VE EVER OFFERED A "FROST CLEAR" REFRIGERATOR — FREEZER AT A POPULAR PRICE!

Slim . . . Trim . . .
12.43 Cubic Foot Interior

At last . . . a compact refrigerator-freezer that is not just "self-defrosting" or so-called "frost free" but is actually "Frost Clear." There is no defrosting . . . because THERE IS NO FROST—EVER! And in the Gibson "Frost Clear," that means no frost not in just the refrigerator compartment, but no frost in the freezer, either! Further, Gibson's refrigerator system uses only one fan, one call, one control . . . and fewer parts mean fewer service problems, higher efficiency, lower operating costs. Now, note Gibson's other top quality features:

- 89.4 pounds of frost clear freezer capacity.
- Powerful stream of dry, frigid air literally blast-freezes foods with a speed that seals in flavors.
- Freezer door shelf holds up to 12 frozen food packages.
- Constantly circulating air keeps refrigerator temperature even throughout compartment.
- Two 15-quart porcelain slide-out crispers.
- Slide-out middle shelf gives easy access to foods in back.
- Egg racks in door hold 2 dozen eggs safe and secure.
- Tall bottle storage is provided in lower door shelf.
- Flush opening hinges allow full door opening without swinging into adjoining walls or cabinets.
- Trimline styling, with squared corners, provides flush fit, gives built-in look.
- 100% tested. Every Gibson "Frost Clear" is test run for 3½ hours after assembly to insure perfect condition.

1964 "Frost Clear" Refrigerator-Freezer

Never Lets Frost Form

in Food

Compartments

It's A True "Frost Clear" Refrigerator-Freezer Throughout

- Not Manual Defrost
- Not Cycle Defrost
- Not Automatic Defrost
- Not a Mixed Model with Automatic Defrost Refrigerator and Frost Freezer

HERE'S WHAT "FROST CLEAR" WILL MEAN TO YOU!

1. Frozen foods will taste better because flavor is sealed in by rapid freezing. Powerful fan drives below-zero air over foods, blast-freezing them almost twice as fast as other methods.
2. 100% of your freezer capacity is usable because there is no build-up of space-robbing frost.
3. Frozen food packages never stick to each other or to walls or shelves.
4. Frozen fruits, vegetables and meats look clean and tempting because no frosty crust ever forms on them.
5. Frozen food package labels can't be frosted over . . . they stay clear and easy to read.
6. Ice cubes stay clean, loose, separate . . . there's no struggle to pry them apart into usable size.
7. Foods in refrigerator compartment stay fresh longer, keep better, cool faster because constantly circulating cold air keeps temperatures uniform throughout.
8. There's no defrosting . . . ever, because there's no frost . . . ever!

Obnoxious Remarks

By HAL BOYLE

NEW YORK (AP) — Remarks of a man on a diet gets tired of hearing:

"Gee, George, have you been putting on more weight lately?"

"I don't see why you make such a fuss about losing weight. All it takes is a little strength—the strength to push yourself away from the table."

"Why bother to take it off? As soon as you quit starving yourself, it comes right back on."

"If George ever did some real work, he wouldn't have all that blubber on him in the first place."

"You should be like me. No matter how much I stuff myself, I never seem to gain an ounce."

"Maybe you have lost five pounds, George. All I can say is that it still doesn't show."

"I read in a medical journal that only two out of every 100 people who diet themselves slim stay that way—so it looks like you're up against pretty hopeless odds."

"If you didn't have some hidden frustration you probably wouldn't have gotten so fat to begin with. Maybe food is your consolation for some childhood sorrow."

"George has the weirdest dreams lately. Last night, for example, he dreamed he was taking a bath in a tub full of mashed potatoes and coconut custard pudding."

"Why fight it, George? After all, a hippopotamus has just as much fun out of a life as a galle. Maybe more."

"I think I'll order the peach parfait for dessert. What'll you have, dear—another radish or a nice carrot?"

"At your age, the more weight you lose the more wrinkles you get in your face."

"You mean your doctor only lets you have 1,200 calories a day? My doctor lets me have 1,800 on my diet—and the pounds are simply melting off."

"You're doing fine, George. If you keep on losing an ounce a day, you'll be down to normal weight in about a year and a half—give or take a month."

General Telephone Co. Plans Expansion

MARION—General Telephone Co. of Ohio will put \$11.8-million in capital additions this year to expand and improve its statewide operations.

Clare E. Williams, president, said the company reached 100 per cent dial operation last December. As a result, the 1964 program will allow more concentration on improving facilities of General Telephone's 290 dial offices in 70 counties.

In 1964 major emphasis is being put on reducing the number of customers on rural party lines. Also planned is continued expansion of direct distance dialing and all-number calling ANC phone numbering. In addition, five new central office buildings are in the plans.

FINED BY LISBON MAYOR
LISBON — Donald Ray Dillon, 24, of 332 N. Market St. was fined \$5 and costs Wednesday by Mayor Dean Stockman for failing to have a light on his rear license plate. He was cited by the State Highway Patrol.

U.S. Designates Seven Ohio Landmarks 'Historical Areas'

WASHINGTON (AP) — Seven Ohio landmarks have been designated as areas having exceptional value and significance in commemorating American history, the Interior Department has announced.

Secretary of the Interior Stewart L. Udall said they are Wednesday on the recommendation of the Advisory Board on National Parks, Historic Sites, Buildings and Monuments. The list of such sites now totals 452 nationwide.

The latest Ohio areas to be added include the homes of three former presidents.

The Ohio sites: President James A. Garfield's home, "Lawfield." Garfield purchased Lawfield in 1876, a 152-acre farm with a 1½ story house built in 1832 with outbuildings. Garfield ran his successful presidential election campaign in 1880 from the house. It is owned by the Lake County Historical Society.

President William Howard Taft's home, Taft was born and spent his first 25 years in this house, from which he emerged to pursue his remarkable career in law and public administration.

President Rutherford B. Hayes' home, "Spiegel Grove." Built between 1859 and 1863 and later enlarged, it is located on the grounds of the Hayes State Memorial.

S-bridge (Old Washington Bridge), National Road. Constructed in 1828, it is a splendid reminder of the great National Road which was built across Ohio between 1825 and 1837. The bridge is along U.S. 40 west of Old Washington.

Miami and Erie Canal (Deep Cut). The "deep cut" of the Miami and Erie Canal, near Spencerville, is a striking remnant of Ohio's great ante-bellum canal system, which contributed notably to Ohio's swift rise to a leading position in the nation by 1860.

George Hunt Pendleton's home, Pendleton, the "patron saint" of the U.S. Civil Service, lived in a brick, three-story home on a splendid site overlooking Cincinnati.

John Sherman birthplace. Born in Somerset, in 1823, younger brother of William Tecumseh Sherman who was also born here, John Sherman enjoyed a remarkable career in the U.S. House and Senate, as secretary of the Treasury and, later, of state.

Quakers Battle Potters, Big Red This Weekend

East Liverpool Is Here Friday

Salem Makes Road Trip Following Day

Going into this weekend, only three teams scheduled by Salem out of 14 opponents so far show losing records. One of those is East Liverpool, whom the Quakers will entertain at Senior High School gym Friday.

Niles and Alliance, both Ohio Big 8 Conference units, also are having poor seasons.

Salem knocked off Alliance 80-54 Jan. 4. The Aviators edged the Trumbull County school for its first win of the campaign 51-49 Jan. 11 then the Red Dragons surprised the Quakers 57-54 on Jan. 17.

East Liverpool, with height in its favor, is 4-3 for the campaign. The Potters were upset by Wellsville 56-52 Dec. 14 during the first part of their slate.

Salem whipped Wellsville 81-63 a week ago.

RANDY STOVER, A 6-4 senior, gives the Potters a slight edge over Salem.

Salem Coach John Cabas plans to start George Begalla, 5-10; and Wayne "Bink" Washington, 5-10; along with juniors Chuck Joseph, 6-0; Dean Keller, 5-10; and Rick Gregg, 5-9.

Sophomore Jim Lantz, slowed down considerably by a painful back injury the past couple of weeks, will be used sparingly. The 5-10 athlete is one of the most promising players on the Quakers' squad.

EAST LIVERPOOL has knocked off Alliance, 73-38; Oak Glen, 66-46; Steuben Central Catholic 50-45 and Linsley, 69-48.

Against Warren the Potters made an impressive showing before losing 67-62. The Panthers whipped the Quakers 84-49 Jan. 10.

Flanking Stover at the forward posts will be Bob Maltarich, 6-1 junior and Bill All, 6-0 senior. Coach Jim Harris will probably start Bob Forzano, 6-0 senior and Frank McComas, 6-0 senior at guards.

Forzano is the Potters' top point getter. He has chalked up 153 markers this season. McComas has tallied 140.

Right out of the firing pin into the oven will go the Quakers Saturday.

Coach John Cabas and his aggregation travel to Steubenville to battle a powerful Big Red squad that will average 6-2 in height.

COACH WALT OWEN, in his fourth year at the helm of Steubenville plans to start seniors Bob McCosky, 6-2; Stanley Brown, 6-5; and Joe DiLoreti, 6-1; plus juniors Bob Baker, 6-2; and Harry Reynolds, 6-1.

Herbie Lindsey, 6-0, senior is the sixth man on the team and should see plenty of action.

The Big Red is ough on the boards and have a terrific fast break. They press some, but generally stick to a man-to-man setup on defense.

Warren upset Steubenville, 69-54 last Saturday. The Big Red has beaten East Liverpool, 77-64; Niles, 71-41; defending West Virginia state champion Wierton 69-65; Alliance, 72-38 and Youngs town South, 89-60.

The 11-2 record includes a 65-56 loss to perennial power Cleveland East Tech.

Salem's reserves will face Steubenville junior varsity in the preliminary clash scheduled to get underway at 6:30 p.m.

Evansville Regains Lead In AP Survey

The Evansville, Ind., Aces regained first place from Grambling in The Associated Press' small-college basketball poll Thursday. The Aces won two games last week while the Tigers from Louisiana had their 16-game unbeaten streak snapped by Arkansas AM&N.

Evansville, 12-2 through last Saturday's games, collected five first place votes and 67 points in the balloting by a special regional panel of seven writers and broadcasters. The Aces beat Kentucky Wesleyan 81-69 and Ball State 90-33 last week.

Grambling dropped into the No. 2 position with two first place votes and 56 points. The Tigers' initial setback came in an overtime, 129-124 last Saturday.

Kentucky Wesleyan, despite its loss to Evansville, remained in third place with 51 points. Pan American advanced from ninth to fourth after losing 84-77 to strong St. Bonaventure, a major opponent. The Texans are 13-3.

8th, 7th Grade Unit Post Wins

A 32-31 Salem victory over Poland ran the streak to seven straight for the Red and Black's eighth grade unit at the Bulldogs' gym Tuesday.

Coach Merlin Davidson's 7th graders won 50-10 over Poland. After a slow first quarter, Salem's 8th grade group got rolling and took a 15-13 lead by half time. The losers retaliated to tie the score 25-25 at the end of the third frame.

Ross, the leading scorer in the game for the Quakers, tossed in three baskets, and Pash cashed in on a free throw to give the Red and Black seven markers in the final frame.

The Quakers made eight of 11 from the foul line, compared to seven of 16 for the losers.

Smith paced the losers with 12 markers. Bookout chipped in with 11.

Undefeated in eight starts, Salem's 7th grade squad had little trouble with the Bulldogs.

Blanking the losers in the initial frame, Salem took an 8-0 lead. The Quakers held an 18-3 margin at intermission, and a 36-7 spread at the end of the third stanza.

Penguins Dump Geneva 127-71

Youngstown's Penguins now have sailed through 16 basketball games without tasting defeat, and they showed Wednesday night that teamwork and balance have helped accomplish the feat.

Everyone got into the act as Youngstown overwhelmed Geneva (Pa.) 127-71 on the Penguins' home floor. All the Youngstown starters, led by Dave Culliver's 32 points, scored in double figures.

The victory set the stage for a game Saturday night that could be one of the top battles of the season between two of Ohio's independent collegiate teams.

The Penguins will tangle with Central State at Wilberforce, a team with a 14-2 record.

Kent State's Golden Flashes, with the help of 29 points from Dan Norris, nipped Marshall 70-65 in a Mid-American Conference fray. It was the Big Green's fourth loss in the MAC without a victory while Kent boosted its league mark to 2-4.

In other action Wednesday night, Muskingum lost to Duquesne 89-49, Findlay beat Lawrence Tech of Detroit 110-90, Defiance rolled over Olivet (Mich.) 102-57, and Clarion State 100-65 of Pennsylvania nipped Malone of Canton 78-77.

Bankers, Zahndt, Coca Cola Win City Cage Loop Games

First National Bank rolled to its second straight of the "red and black" half as it whipped Bud Shaffer 81-55 in City Basketball League competition at the Memorial Building Wednesday night.

Zahndt Realty trimmed Salem Tech 72-46 and Coca Cola edged Old Dutch 62-57.

It was the 10th straight win of the campaign for the Bankers who led all the way by quarter scores of 27-12, 42-23, and 55-36.

HUTTON TOOK scoring honors for the winners with 12 baskets and seven foul shots for 31 points. Sonny Bowman chipped in with 17, Bob Stallsmith had 14, and Frank Shagnot, 11.

Shaffer's dropped its ninth in 10 starts. Don Conser collected 16 markers to pace the losers Jim Schuster netted 14.

Zahndt's 7-3 took a 13-6 lead in the initial period, increased its margin to 32-11 at intermission and held a 60-33 spread at the end of the third stanza.

It was Salem Tech's 10th loss in a row. The losers were led by Jon Holloway with 20 points. George Tersic chalked up 15.

TED THORNE paced the winners with 20 markers. Ferg Wilson netted 13 and Dick Youngpeter, 11.

Dutch took a 12-10 lead in the first quarter, but Coca Cola retaliated to take a 35-26 margin at intermission, and held a 50-37 lead at the end of the third stanza.

It was Salem Tech's 10th loss in a row. The losers were led by Jon Holloway with 20 points. George Tersic chalked up 15.

Complete Selection Of Case Beer - 6 Paks - 8 Paks - Cans and Quarts.

From the field, the Quakers made 23 fields goals, and cashed in on four of six from the free-throw line.

Chuck Jackson took scoring honors for the Red and Black with 10 points. Mike Love and Scot Cody tallied eight apiece.

The eighth graders are home to East Liverpool East Monday. Both Salem junior high teams will entertain West Branch Thursday.

THE LEOPARDS are 6-2 in loop action. In two games with Lisbon last year, Louisville was handed a pair of setbacks 55-44 and 58-43.

Another interesting tilt may be the Minerva-Poland clash at the Bulldogs' home floor.

A loss by Minerva would just about eliminate it from the title race. The Lions are 5-3 in the league. Poland's title hopes will suffer a severe jolt if the Bulldogs get beaten. The Bulldogs

are tied for second place in the standings and are 9-3 for the campaign.

In its last outing, Coach Howard Kitzmiller's aggregation was handed a 59-56 setback by Columbiana. Poland won the first of two tilts with Minerva 54-51 Jan. 3 at the Lions' den.

COLUMBIANA, MAKING a determined bid to stay in contention in the tough loop, should find an improved Sebring to be a stern test.

A loss would eliminate the Clippers' slim chances at the crown. Coach Rich Berryman's unit is 5-3 in the standings. Columbiana edged the Trojans 63-61 earlier in the season.

Leetonia, which will travel to East Palestine, is 4-8 compared to the Bulldogs' record of 3-9.

Probably the area's feature attraction is the ancient series clash between Salem (2-10) and East Liverpool (4-8) here Friday night.

IMPROVING GREENFORD will try and snap its 14-game losing streak against Mathews at the Bobcats' gym.

In other frays, Western Reserve travels to Crestview, and United, boasting the area's top Class A squad, entertains Beaver Local.

Coach Jack Mills has guided the Golden Eagles to their last seven straight, and for the sea-

The 500-meter speed skating was one of three events in which gold medals were at stake today. The other two were the men's 30-kilometer cross country Nordic ski race and the men's downhill Alpine ski race on the dangerous course of Mt. Patscherkofel.

For the fans, the downhill was the big event. More than 80 skiers were entered in the test, considered by many ski experts as the supreme trial of strength and endurance for skiers.

One skier was killed and several were injured during pre-Olympic training on the Patscherkofel course, packed by hand with snow carried to snow-short Innsbruck from other Alpine areas.

Lisbon High School will be out to prove that it is the best in Tri-County League this season, when it travels to Louisville Friday night.

Coach Gary Pike's aggregation, leading the loop with a 7-1 record, barely escaped with a 43-39 decision in the first meeting this campaign between the two schools.

The Blue Devils have lost only once while rolling to 11 wins. Poland snapped an eight-game winning streak of Lisbon's 55-43, Jan. 11.

Louisville, under the direction of Mike Riley has a 9-3 mark, and has posted five straight victories. The streak includes Sebring, 61-34; East Palestine, 49-44; Poland, 55-52; Columbiana, 52-49 in overtime, and Leetonia, 61-46.

Finland, Russia Capture Gold Medals At Olympics

By TED SMITH
Associated Press Sports Editor

INNSBRUCK, Austria (AP)—Finland grabbed the second gold medal of the ninth Winter Olympic Games today when Eero Maentyranta, a 26-year-old border customs employee, won the gruelling 30-kilometer ski race.

The winning time for the 18.6-mile course was 1 hour, 30 minutes, 50.7 seconds. Americans finished far back.

The wiry Finnish world champion crossed the line more than a full minute ahead of the runner-up, Harald Groenningen, a Norwegian farmer who was a doubtful starter until the last minute. Groenningen was clocked in 1:32:02.3.

In third place came Igor Voronchikhin of the Soviet Union, in 1:32:15.8, followed by Janne Stefansson of Sweden, in 1:32:34.8. Sweden's Sixten Jernberg, who won the title at the Squaw Valley, Calif., Olympics in 1960, finished fifth in 1:32:39.6.

The second day of the big ice and snow carnival started under ideal conditions, with the temperature at 5 degrees. The skies were clear.

A total of 69 skiers from 18 nations took off on the exhausting race, staged over two loops on the hard-packed track west of Seefeld.

As the men sped, one after another, over the 18.6 miles, women figure skaters were tracing their first compulsory designs at the Ice Stadium.

The Soviets took the first gold medal Wednesday night in a where just a few years ago they

HOOP TALK

By . . . Double Dribble

Well gentle people, tis the time of the year when the big county battle comes to pass. . . Salem vs. East Liverpools Pot- ters. . . And as per usual, it promises to be a little gym dandy (that's a pun) contest.

The pottery city five will bring a 4 and 8 record to town with them, which includes an off night loss to Wellsville 56-52, and a 70 to 58 loss to Mas- sillon.

Four of the players on this unit were members of last years outfit which upset the Quakers in fine fashion in the season gone by. . . And as usual, Salem will be on the short end size wise. . . East Liverpools starters will go 6-0, 6-0, 6-4, 6-1 and 6-0 with a 6-1 sixth man that sees plenty of action.

Considering that Salem will be called the underdog in this game, I feel that we should return the favor. . . After all it is our turn you know. . . And upset seem to be all the rage.

Saturday sees the Quakers on the road with a journey to the land of the Big Red. . . No,

not Communist China. . . Steu- benville.

Here the Salemites will come face to face (that is if they stand on ladders) with a rough and tough Big Red Combine, owner of a 9 and 2 record. . .

The line up these boys put on the hardwoods will read 6-2, 6-2, 6-5, 6-1, and 6-1. First Sub to come into the game will prob- ably go just 6-0.

Feb. 8	Youngstown South A
Feb. 14	Youngstown East H
Feb. 15	Canton McKinley A

A typical Steubenville Big Red team, this unit like to run and shoot. . . and believe me, that is just exactly what they can be expected to do. . . And they do it very well.

Consisting of 2 Jrs. and 3 Srs. One boy has played 4 years with the varsity. . . They do not lack experience. . . And when you add this to all of the other qualities they appear to have, you'll have to admit that they do have a pretty good ball club.

If you enjoy a good basketball game, Why not attend these two tilts. . . After all, they are Big 8 contests and as such, seem to bring out the best in both teams. . . And besides, what's more fun than having your team picked as an underdog, and then watching them either scare the pants off (figure of speech) or defeat a highly rated team, such as Steubenville, or an experi- enced such as East Liverpool. . . and with the latter, revenge is very sweet.

See you in the Stands. . . Love N Kisses. . . D.D.

Zeigler's FARM MARKET

Salem-Lisbon Rd. 9 to 9 Daily Except Sunday

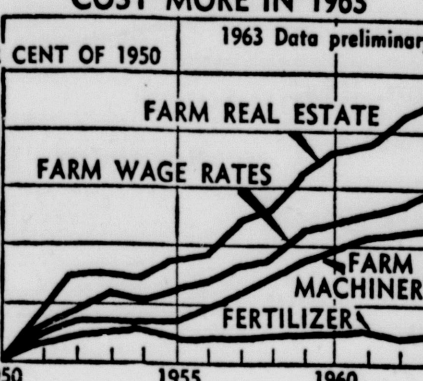

Farmers Wrestle With Rising Costs, Expanding Markets

MORE FERTILIZER, LESS LABOR USED DURING 1963

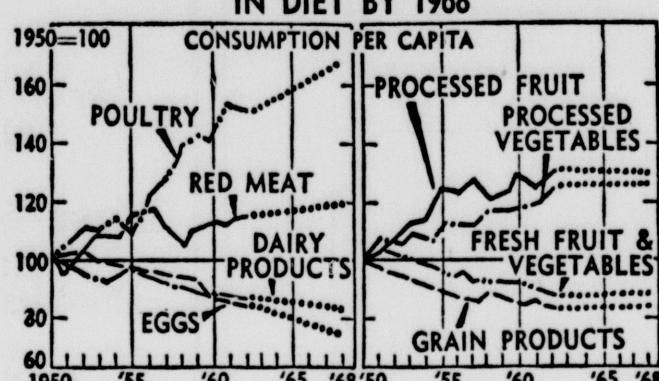

Greater yields per acre through increased use of fertilizer have helped reduce the amount of labor used in farming by more than 40 per cent since 1950. In other words, more fertilizer used results in a decrease in land and labor.

MACHINERY, WAGES, LAND COST MORE IN 1963

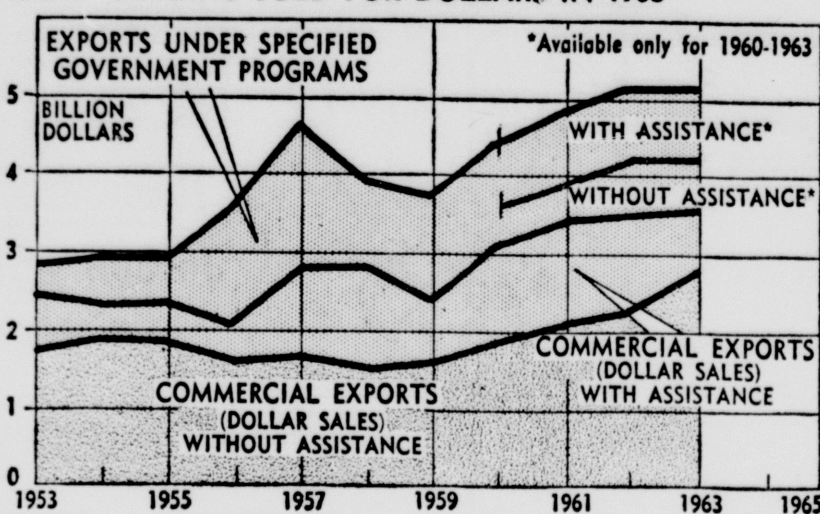

Fertilizer costs have remained fairly constant between 1950 and 1963, but land costs have skyrocketed to about 91 per cent more than that paid in 1950. Wage rates rose about 61 per cent in the same 13-year period, machinery about 50 per cent.

MORE POULTRY, LESS DAIRY IN DIET BY 1968

Rising incomes and trends in consumer preference are expected to alter the national diet substantially in the next four years. The demand for red meat is likely to continue at a slightly more rapid pace, but poultry consumption should show a marked increase. Consumption of dairy products is declining rapidly. A slow but steady increase in processed foods is projected.

MORE EXPORTS SOLD FOR DOLLARS IN 1963

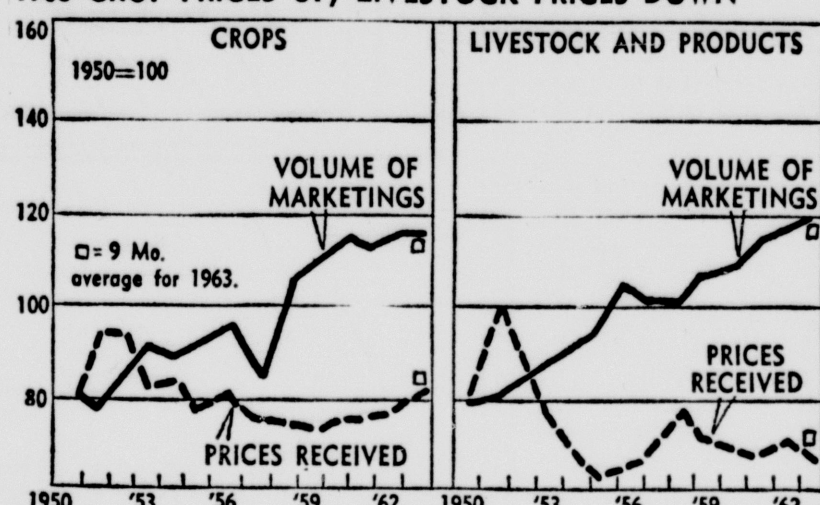

Exports are an important market outlet for U. S. farm products. Commercial sales for dollars were at a record level in 1963, accounting for about 70 per cent of total farm exports. If trade with Eastern Europe and Russia is increased, export sales should reach a new high in 1964.

Despite expanding markets at home and abroad, a decrease in farm population and increased production, the farmer's economic condition has not improved in the past year. He still faces continually rising labor, real estate and machinery costs which are eating up the profits gain-

ed by increased production. Despite a lower 1963 net income, income per capita was higher due to smaller farm population. By projecting 1963 statistics into 1964, the Department of Agriculture estimates that realized net farm income in 1964 is likely to be lower, perhaps 5 per cent or more be-

1963 CROP PRICES UP; LIVESTOCK PRICES DOWN

Cash receipts for livestock products were maintained in 1963 as large quantities approximately offset lower prices. Crop prices were at their highest level since 1956 and the volume of crop marketings reached a new high.

low the \$12 1/4 billion estimated for 1963. Two favorable trends are noted: U.S. agricultural exports will continue to rise appreciably next year if trade with Eastern Europe and Russia is expanded and domestic demand for meat, poultry and processed vegetables is expected to increase significantly.

Liquor Sales At 7 County Agencies Total \$1,762,737

Sales at the seven state liquor stores in Columbiana County last year amounted to \$1,762,737 as the Ohio Department of Liquor Control set a new annual all-time dollar volume record of \$227.5 million, Director Donald D. Cook announced today.

The county figure compared with \$1,756,489 total sales in 1962. Wholesale orders accounted for \$548,896 of the county's newest over-all figure, with retail sales amounting to \$1,213,341. Total liquor sales in Mahoning county amounted to \$7,728,794—up from a year ago, and Stark county sales were \$6,489,886. Sales in Carroll county amounted to only \$210,256.

Youngstown Lawyer Seeks Appeals Post

Atty. Nils P. Johnson of Youngstown today filed nominating petitions as a Republican candidate for the 7th District Court of Appeals. A third generation Republican, Johnson's grandfather, Senator Nils P. Johnson, served Mahoning Senate. His father, Atty. Walter O. R. Johnson, was city solicitor of Struthers. Johnson, who has practiced law for 15 years, seeks the seat of Appellate Judge James France of Ravenna, who was appointed by Gov. DiSalle.

OUR BOARDING HOUSE

A word from **THERON** at the **Country Store**

Well I got my new Jeep with the snow plow, all we need now is another big snow and a chance to try it out.

I bought the Jeep from Bill Lewton down at Lisbon. Bill and his wife are real fine people. I knew them both since the days when we used to go roller skating over at Liberty Park in Washingtonville.

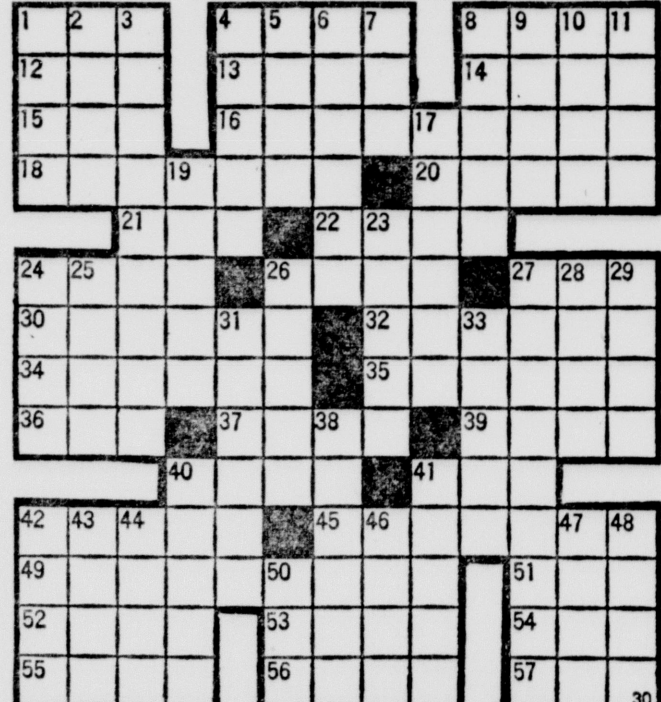

I made the down payment, then went over to see Mr. Faust at the Farmers Bank. He said he would be glad to finance the balance. In 15 months this cute little thing will be all mine. Its bright red with a white convertible top and white tire cover, real sharp looking I think.

Woods Takes Leetonia Library Board Post

LEETONIA—John E. Woods was sworn in as trustee of the Leetonia Public Library at a re-organizational meeting of the board Monday at the library.

C. Richard Roose was re-elected president of the board. Other officers are Mrs. Charlotte Brennan, vice president; Mrs. Vera Davis Hauer, secretary; and Frank Aiken, clerk-treasurer. Aiken will serve his 30th year in the post.

Other board members are Victor Wood and Mrs. Freda Lee. Also present at the meeting was George Trombitas, acting superintendent of Leetonia schools and representative of the three branch libraries in the high school, Orchard Hill and Washingtonville Elementary Schools.

ANNUAL REPORTS presented by the clerk showed that, during 1963, the sum of \$3,575.77 was expended for books and new equipment; \$4,000.61 for personnel; \$1,186.95 for housing and utilities; and \$509.47 for operating expense and state audit. This leaves a balance of \$2,387 in the active account.

Interest, in the amount of \$543.97, was added to the building and improvement fund which now totals \$16,060.32.

During the year, 1,112 new books were added, making a total of 15,823 books now available to patrons. Forty-six different periodicals are also ready for use.

CIRCULATION FIGURES

show that 5,834 books were circulated at the high school branch, 9,513 at Orchard Hill, 3,178 at Washingtonville and 15,096 at the main library for a total of 33,641.

The figures show an increase of 12,352, or 58 per cent, over the previous year.

The annual resolution, showing total appropriations in the amount of \$10,215, for the current year, was adopted.

Mrs. Esther M. Cullinan is librarian and Miss Marylou Helt is assistant.

A FAMILY coverdish supper will be held at 6 p.m. Sunday at Leetonia Methodist Church in the social room. Miss Norma Shade of RD. Leetonia, former member of the Peace Corps, will speak and show pictures of her travels.

CHARLES BUCKLEY, 18, of 620 W. Lincoln Way, Lisbon, was fined \$33.70 for a school bus violation recently by Mayor Ralph Kennedy. The arrest was made by a Leetonia patrolman.

SEEKS JUDGESHIP

LEBANON, Ohio (AP)—Robert G. Ray announced Wednesday he will seek the Democratic nomination for judge of the 1st District Court of Appeals. The veteran Warren County Probate and Juvenile Court judge is the first to oppose incumbent C. Watson Hover of Cincinnati.

In The Service

Staff Sgt. William L. Jackson (above) of Lisbon, was selected recently by his unit commander to observe the 181st meeting of the Military Armistice Commission at Panmunjom, located in the demilitarized zone which separates North and South Korea.

Sgt. Jackson is a United States Air Force munitions specialist assigned to a unit at Kunsan AB, Korea. The sergeant, who entered the Air Force in 1948, is the son of Mr. and Mrs. Louis E. Jackson of 740 E. Lincoln Way, Lisbon.

Patrolmen Probe Two Road Mishaps

An elderly Salem woman and an area truck driver escaped injury when their vehicles collided Wednesday at 1 p.m. on Route 62, about a mile north of Salem.

The Lisbon post of the State Highway Patrol reported a pickup operated by Kenneth C. Double, 40, of RD 1 and a car driven by Mrs. Helen Derfus, 68, of 591 E. 2nd St. sideswiped when the woman was trying to pass as the truck was turning left. Neither was cited.

A Beloit area man involved in a hit-skip mishap Saturday night on Township Rd. 800, about two miles south of Route 62, was cited Wednesday night by the Lisbon Patrol.

Coy Joe Castle, 37, of RD 2, Beloit was cited for speed excessive for conditions and leaving the scene of an accident. His car sideswiped the side of a stopped car, operated by Arnold A. Crew, 20, of RD 1, Salem. Castle continued on after the mishap.

Donna Altomare

Donna Jean Altomare, daughter of Mr. and Mrs. Eugene Altomare of RD 1, Leetonia has completed 10 weeks of basic training at the Women's Naval Training Center, Bainbridge, Md., and is spending a two-week leave with her parents before reporting to the U.S. Naval Training Center at San Diego, Calif., for general administration duty.

Seaman Apprentice Altomare, a graduate of Leetonia High School, was formerly employed by the Altomare Welding Company and enlisted in the navy Nov. 7.

Spec. 4 James L. Anderson, son of Mr. and Mrs. Lloyd Anderson of Hanoverton, has arrived home after spending 30 months in Germany with the Army. He entered the service in February, 1961, and took basic training at Ft. Knox, Ky.

Northwest Court

Five motorists were fined a total of \$40 and costs this week at hearings in Northwest County Court.

Judge Luther Donbar fined these persons:

John I. Lamp of Sebring, \$10 and costs, speeding; Norma Lou Petty of RD 1, North Benton, \$10 and costs, speeding; William D. Wilson of Sebring, \$5 and costs, parking on the highway; Mary Ann Kuffelner of RD 2, Salem, \$5 and costs, failure to yield the right of way; and Lynn J. Turner of Painesville, \$10 and costs, passing at hillcrest.

Bonds were forfeited by three other motorists including Donna A. Ford of Toronto, \$15, speeding; John F. Wilson of Cleveland, \$20, passing at an intersection; and Donald L. Yost of Canton, \$20, crossing the yellow line.

NAMED COOPERATOR

LISBON — Howard Lee, Alliance RD 5 farmer, was added as a new cooperator by the board of supervisors of the Columbiana County Soil Conservation District Tuesday afternoon. The board also listed sessions with 20 agriculturists and businessmen regarding future programs.

\$542 Collected In Lisbon Dimes March

LISBON — A total of \$542.17 was collected in the March of Dimes canvass in the Lisbon area which was completed Wednesday night, according to John Snyder, drive chairman.

This is \$27 more than was collected last year. The total does not include money left at banks or from canisters placed in business places which will be collected later.

Everybody who wants a Wildcat, please stand up.
Everybody who wants a Skylark, please stand up.
Everybody who wants a Riviera, please stand up.

Now that everybody's standing, let's all go to the Buick Sports Car Rally.

Really.

It would be a shame to waste this chance to drive one of Buick's lively sport models, wouldn't it? Especially considering your Buick dealer's so close, and the price is so nice. That's what the Sports Car Rally is all about. And they're all luxurious enough to make you wonder why anybody'd

settle for a two-seater. A finely tuned production 340 hp Wildcat with a skilled driver scored the highest miles per gallon in the economy test of Class I—high performance V-8's—at the Pure Oil Performance Trials at Daytona Beach, Florida. (So who's surprised? Not Wildcat owners.)
